Outside Index Tally System

CON # **529**

Place in Envelope #4
Election Night

Outside Index Tally System

The Outside Index Tally system is designed to keep track of voters so the Outside Index can be marked quickly & accurately at the top of each hour. There is a space to track the number of late registrants. There is also an area designed to keep a running tally to make periodic balancing easier.

The ROSTER CLERK will state the Voter's Line Number. Cross out that number on the page which corresponds with the appropriate hour. A red pen is recommended.

At the end of each hour, take the sheet for that hour and use it to mark off the Outside Index that says MARKED on the cover. Line through the voters name that corresponds with the line # crossed off on the Outside Index Tally System.

Balancing at the end of the hour

Example: It's 9am.
There have been three voters between 8 & 9am.
Line numbers 807, 898, and
one voter in the Late Registrant roster.

Between 7- 8am there were 3 voters
Write in 3 for Total Previous,
2 for Total This Hr.
Add those together; 6 voters so far today.

Look on the Tally Sheet and see that it is marked showing 6 voters have been here today.
Congratulations! The roster balanced for this hour.

Now, write in 6 on the next page's Total Previous to start the 9-10am hour.
